Planning Application Responses

All HPC responses to planning applications since 20th March 2020 have been carried out in accordance with the Parish Council's adopted Scheme of Delegation and are published on HPC website.

Cllrs Updates:

NDP – Cllr Adams:

We had asked for volunteers to read through the draft NDP alongside the Surveys' results and to make comments accordingly; Ingrid Burt volunteered to collate the comments and the responses/comments were sent to her by 8th May. Due to other commitments she was unable to carry out this task. The Steering Group decided to do it ourselves and send to David Nicholson so that we can progress the NDP to the next stage.

After David has looked through them all and the summary, he will attend a Zoom meeting with the Steering Group to discuss, and notify us of our next stage. This will be reported at the next PC meeting.

Looking at information received from Locality (Grant funding) last week, it looks like the importance of the NDP will be reduced if it goes through.

Due to the Government's change to planning, applications for building will be looked upon more favourably than before.

Lengthsman – Cllr Young:

Lengthsman has carried out some emergency work and consideration is being given to work needed on the bus shelters.
